

## Lesson 2 – Hearing Loss and Deaf Awareness

Resource	Notes
Lesson Plan	Types/Cause Hearing Loss, Types of Hearing Tech, Impact of Hearing Loss, 4 Levels of HL, Audiogram explanation and Deaf Awareness Slide.
Hearing Loss Categorisation	Venn Diagram showing how different causes of hearing loss are divided into Sensori-Neural, Conductive or Mixed. Can be used as group task.
Causes Wordsearch	Recap resource to help with key vocabulary.
Audiogram Cut & Stick	Blank audiogram for students to work out pitch & volume of different sounds from everyday life
Knowledge Check	Recap sheet
Mind Map	Group Task to suggest how students can help deaf people. Ideal for Class Discussion as Plenary

### Suggested Order:

- Starter: Quick recap of last lesson regarding ear function using either wordsearch, word scramble or crossword.
- Run through different types of hearing loss & ask students to complete 'Causes of Hearing Loss' Venn Diagram (in groups or individually).
- Students complete Audiogram in groups and then discuss what people can't hear at the 4 different levels of hearing loss. Complete individual sheet & knowledge check.
- Students discuss how they can help deaf people and complete mind map as a group. Use group answers to create class mind map in discussion at the end. Alternatively generate a whole class mind map as a discussion task.
- Complete the causes of hearing loss wordsearch as a plenary at the end of the lesson to reinforce new vocabulary.
